Hello. My retirement was announced at a faculty meeting a couple of weeks ago and I know many of you heard already but I wanted to make it official. I am retiring after 34 years at MIT on June 30<sup>th</sup> of this year; I have decided to move to the west coast for personal reasons. While this is bitter sweet for me, I intend to stay as connected as possible because I love this place and all that it has afforded me in the way of community, career advancement and a positive vision (together we can do anything). I hope I have had some positive impact/experience on/with you over the past few years and am very happy to help you in any way I can now and in the future. I look forward to my annual meeting with many of you and hope you go on to have the most wonderful futures working in CEE at MIT.

I appreciate all that you do to make this place (CEE and MIT) great!

Best wishes.

Angela
